

## **Groundworker Apprenticeship**

Erith is actively seeking versatile and proactive personnel to join our ever-expanding Earthworks and Infrastructure Division as apprentice groundworkers. Based at our site in Ebbsfleet, Kent (although you could be required to work away from home on occasion) your apprenticeship will take 18 months to complete. You will be taught and mentored by consummate professionals who will provide you with all the necessary knowledge, skills and behaviours needed to successfully complete the groundworker apprenticeship.

As a groundworker you will be working as part of a team who carry out the very first, and often last, work on a construction site. You will be responsible for carrying out a wide range of duties, including:

- Clearing a construction site
- Digging trenches for foundations
- Setting up a site, putting up barriers, safety signs, huts, etc.
- Following all health and safety procedures
- Providing excavation support to other construction professionals
- Interpreting the use of drawings and specifications
- Laying pavements, kerbs and driveways
- Concreting sites
- Laying drainage and pipework systems
- Operating plant machinery, such as excavators and dumper trucks
